

Visa Account Updater Service Opt-Out Request Form

Visa has implemented a program called Visa Account Updater (VAU). This program will insure that merchants who process monthly recurring charges will have up to date card information. If you lose your card or the expiration date changes, Visa will update current card information to merchants that participate in VAU, so there is no interruption of service. You will automatically be enrolled in this program; however, if you wish to opt-out of the VAU service, please complete the information below.
